Notifies Commission At Hearing of Steps Taken To Care For Animals

COMPANY PROVES AID TO GROWING INDUSTRIES

Kona Coffee and Tobacco As Well As Hardwood Projects Assisted By Corporation

As a result of the hearings before the public utilities commission on the rates of the Inter-Island Steam Navigation Company, and the hearing of complaints regarding the bruising of cattle. J. L. McLean, vice-president of the company, announced before the commission yesterday that the following order had been issued to all masters of vessels in the service of the com-

Complaint has been made that cat tle are sometimes bruised by the empty boat bumping into the cattle made fast to the gunwale of the boat which is waiting for the empty boat to bring in the line from the steamer.

"It has been suggested that the pos-sibility of bruising eattle can be over-come by using a small heaving line fas-tuned to the line from the steamer, which could be thrown to the men in the boat loading the cattle without the ircoming boat getting near enough to

You are hereby instructed to carry out this suggestion in the future. Asks For Suggestions

Kindly send in any suggestions you nay have tending to reduce the bruising of cattle, in order that they may be published for the information of other officers.

Other-information brought out at the meeting yesterday, when Mr. McLean as being examined by Attorney Warren, was the fact that the company receives bouquets as well as brickbats, and that some of these bouquets come from some of the big shippers of cattle. The following letter from Hind,

Rolph & Company was introduced, and probably will prove a valuable piece of evidence as an offset to charges made earlier in the hearings that the company had at times been careless in the andling of cattle:

"By the steamship Honolulan arriving from San Francisco the twelfth in stant we received forty head of graded sattle which were transshipped per your steamers.

"Learning of the arrival of all of these animals in perfect condition, we degire to express to you our sincere thanks for the careful attention given the cattle while on your steamers. would also ask that you extend our thanks to the officers and crews of the respective vessels carrying the ani-

This equipment has alteady cost the company more than \$7000. It also developed, following inquiries by Commissioner Gignoux. who acted as chairman of the meeting, that the steamship company had gone to considerable expense to encourage small industries in the Kona district.

Among these industries was the the fugitive growth of thimble-berries, shipments him to halt. of which the steamship company carried free of charge for three months. It also helped the coffee and tobacco industry, said Mr. McLean, as well as the hardwood industry, and had lost considerable money both in subscribing for stock and for carrying freight

### RAW SUGAR PRICES TOP ALL RECORDS MADE SINCE ANNEXATION OF ISLANDS

Cabled advices to the Hawaiian Sugar Planters , Association reported sales yesterday affecting the Hawaiian basis at 6.65, or \$133 per ton. This is the highest price at which raw sugar has sold since Annexation.

A cablegram was received by the Sugar Factors Company yesterday afternoon from San Francisco stating that the Federal has advanced the price of granulated to 7.75; the American to 7.50; and all other refiners to 7.60.

A. M. Nowell, manager of the Sugar Factors Company who has the daily record of New York quotations since 1910 said that the highest price realized in 1915 for 96" centrifugals was 5.38; in 1914, 6.53; in 1913, 3.795; in 1912, 4.80. The two preceding years were years of prevailing

SIX CENTS USED TO BE LOW

"It will be of public interest to note," he said, that raw sugar did not sell below six cents during the entire thirty years from 1854 to 1884. The average yearly price dropped below six cents but reached 4.566 in 1900."

from 1884 to 1887, was exactly six cents in 1888, and 6.60 during 1889.

"The average price at which sugar sold during the entire fifty-seven years from 1853-4 to 1910-11 was 7.068 cents per pound. During the same period the average price at which granulated sold-was 8.796; muscovados, 5.635; and European parity beets, 7.168.

FIVE POUNDS FOR A DOLLAR

'During that period the highest average price of raw sugar for one entire year was 17.19; granulated, 22.56; muscovados, 8.84; and parity beets, 12.82. The lowest yearly average for raws was 3.24; granulated, 4.12; muscovados, 2.75; and parity beets, 3.18.

'The average differential during that fifty-seven year period or the average margin between raws and refined representing the cost of refining and refiner's profits, was 1.728. For several years past this differential has stood at about ninety cents per hundred pounds.

"From 1891 to 1896 inclusive the average yearly price of centrifugal raws never got above 3.86,

fair Which Followed Raid On Gambling Joint

Detective Chang Apana shot and wounded Pedro Fransisco, a Filipine gambler, when the latter attempted to escape in a raid made upon a gambling house in Iwilei last night.

This was the statement made by several Filipino gamblers who were arrested in the raid. The wounded man cording to Dr. R. G. Ayer, police surgeon, the wound is not serious, unless infection arises. Fransisco was placed in a ward in the hospital.

Chief of Detectives McDuffie refused to confirm the statement that Apana had fired the shot, and said that the 'detective department must be protested, and that no publicity would be given the shooting until a report of the affair had been made to the sheriff."

# SMITH STREET HEARING

At the request of C. Bolte, repre-senting property owners on the thor-oughfare, the hearing on the Smith Street improvement, from Beretania to Queen Street, was postponed by the su-pervisors until November S. Bolte stated that it was the intention of his clients to protest against the assessment and that he believed a more equitable adjustment could be made so that those who will profit most by the improvement would be obliged to bear
